

KAP – 2 KING ABDULLAH PROJECT (Phase 2)

Client :	Ministry of Interior
Location :	Kingdom of Saudi Arabia
Surface area:	4,000,000 m ²
Duration :	3 years
Final deadline :	Fin 2013
Projexia brief :	Project scheduling, control and monitoring

Project Description: Design/Build military training centers located all over the country. The project includes 41 sites and nearly 3000 buildings.

Project Specificity: The project management strategy consists in the industrialization of most of the project processes (from the design, through the use of a BIM model, to the construction phase) in order to ensure its completion within the challenging timeframe and budget.
